

AOZ Studio Beta - Bug #11

Icons Not Converted, Duplicate Objects Instead

01/17/2020 08:32 PM - Anonymous

Status:	Closed	Start date:	01/17/2020
Priority:	Normal	Due date:	
Assignee:	Francois Lionet	% Done:	0%
Category:		Estimated time:	0:00 hour
Target version:	0.9.4		
Affected version:	0.9.2.6		
Description			
When converting an AMOS program, it appears that the Icon Bank folder in Resources reads and converts the correct number of images, but they are duplicates of the Object images in Bank 1.
