AOZ Studio Beta - Bug #142

Bank Conversion Errors

02/06/2020 08:00 PM - David Baldwin

Status:	Closed		**Start date:**	02/06/2020
Priority:	Normal		**Due date:**	
Assignee:	Francois Lionet		**% Done:**	0%
Category:			**Estimated time:**	0:00 hour
Target version:	0.9.5			
Affected version:	0.9.4			

Description

There's a few errors cropping up in Bank conversions.
.
This is what should be converted:-
.
Converting banks...
Extracting bank #10.data, length: 356
Extracting bank #9.data, length: 356
Extracting bank #11.data, length: 356
Extracting bank #5.pacpic, length: 13504
Extracting bank #3.data, length: 35198
Extracting bank #4.samples, length: 7
Extracting bank #1.sprites, length: 101
Extracting bank #2.icons, length: 88
Conversion succesfull.
.
And this is what appears in resources.
.
1.images
2.icons
3.data
3.musics
4.samples
5.pacpic
5.samples
9.data
10.data
11.data
.
3.musics and 5.samples contain nothing.

(and you spelled successful wrong ;))

History
