

AOZ Studio Beta - Bug #243

Loading a Music bank locks up AOZ.

Target version:	0.9.9.4		
Affected version:	0.9.5		

Description

Example:

```
#manifest: "amiga"  
#speed: "safe"  
Print "Loading Music"  
Load "AMOSPro_Examples:Music/Music.abk"  
Print "Music Loaded"
```

Compiling and running the code above Will print "Loading Music", but the "Music Loaded" message will never appear. AOZ locks up on the Load.

AMOS Musics are not implemented, long process it is a very specific format, no-one was using it. I wonder if I should change it... Feedback appreciated...

As Francois mentioned, Music is still not implemented, however, Music Bank now loads to bank 3 as it should.

Added code to verify:

```
#manifest: "amiga"  
#speed: "safe"  
Print "Loading Music"  
Load "AMOSPro_Examples:Music/Music.abk"  
Print "Music Loaded"  
List Bank  
Print Start(3), Length(3)
```

Music banks still should be implemented eventually, but I'm closing this ticket because the specific error no longer exists.
