

AOZ Studio Beta - Bug #313

FP issue with Str\$

03/20/2020 06:32 PM - David Baldwin

Affected version:	0.9.7		

Description

Calculations using integer and FP variables within Str\$() give an FP result. This wasn't the case with AMOS. See example.

```
A=10
B#=3.7
C=A/B#
Print C
C$=Str$(A/B#)
Print C$
```

Obviously there's a work around. ;)
