

AOZ Studio Beta - Bug #453

Key\$(n) crashes compiler - Internal Error.

08/20/2020 08:03 AM - Brian Flanagan

Status:	Resolved	Start date:	08/20/2020
Priority:	High	Due date:	
Assignee:	Francois Lionet	% Done:	0%
Category:		Estimated time:	1:00 hour
Target version:	Beta 1		
Affected version:	Beta RC2		
Description			
The error occurs for both the instruction and the function.			
Key\$(0)="test" X\$=Key\$(0)			

History

#1 - 09/19/2020 08:16 AM - Brian Flanagan

- Priority changed from Normal to High
- Estimated time set to 1:00 h
- Affected version changed from 0.9.9.4-r2 to Beta RC2

Anything that crashes the compiler, I consider to be a High priority, however, since this is not a high priority function/instruction, I would recommend disabling Key\$(n) at this time, so the program can compile without errors.

#2 - 11/17/2020 03:50 PM - Francois Lionet

- Status changed from New to Resolved
- Assignee set to Francois Lionet
- Target version set to Beta 1

Fixed!
