History

#1 - 11/25/2020 02:04 AM - Brian Flanagan

- Priority changed from Normal to High
- Estimated time set to 2:00 h
- Affected version set to Beta 2

Attempting to transpile the following code will lock up the transpiler.  
It repeatedly generates "Editor is not responding" errors.  
I assume it is in an infinite loop

```
X=7

If X=0
  Print "X=0"
Else If X=1
  Print "X=1"
Else If X=2
  Print "X=2"
Else
  Print "X<0 OR X>2"
End If
```

#2 - 12/08/2020 08:41 AM - Brian Flanagan

- Status changed from New to Resolved

Retested in updated version of Beta 2.  
It's working now!

#3 - 07/15/2021 12:50 PM - Brian Flanagan

- Status changed from Resolved to Closed

Verified working!
