<b>Description</b>			
Apparently the page is still active in the background even though the tab has been disabled. When it is disabled, it should be turned off entirely.			

#### History

This is still an issue with beta 2 version (with most recent patches as of 1/21/2021).

##### #2 - 02/28/2021 06:41 PM - Brian Flanagan

- Priority changed from Low to Normal

- Affected version changed from Beta 2 to 1.0.0 (B4)

re-tested in Beta 4

Even though the Discord pane and option have been removed from the program *visibly*, it is still active! (I still get audio notifications from discord in the AOZ IDE.)

I increased the priority to fixing this, since I suspect that the discord alerts may be bogging down AOZ.
