Description			
Example: Help_66, line 118 from AMOSPro_Examples disk.			
This example compiles, however, the AOZ application stops execution at the Get Sprite command.			
<pre>Cls 0 : Pen 14 : Paper 0 : Print "*" : Get Sprite 1,0,0 To 7,7 : Cls 0</pre>			
Commenting the Get Sprite command on line 118 allows the program to continue.			
<pre>Cls 0 : Pen 14 : Paper 0 : Print "*" ' Get Sprite 1,0,0 To 7,7 Cls 0</pre>

The message into Chrome's console is :

```

    at Errors.getErrorFromNumber (errors.js:275)
    at doUpdate (aoz.js:578)
