

AOZ Studio Beta - Bug #682

Wrong name for the Actor in a code sample (French version of the User Guide)

03/05/2021 10:47 PM - Stéphane VINCENT

Status:	New	Start date:	03/05/2021
Priority:	Normal	Due date:	
Assignee:	AOZ Studio Team	% Done:	0%
Category:		Estimated time:	0:00 hour
Target version:			
Affected version:	1.0.0 (B4)		

Description

In the French version of the User Guide, the code sample can not work in page 32 "PAUSE, DO...LOOP, IF...THEN".

The name of the Actor is different and it causes an internal error.

Such an error can have a dramatic effect on potential customers because they may be disappointed with this unexpected bug and have a bad opinion about the product.

I really think that the User Guide (in particular) has to be published without any error (in the samples).
