Affected version: 1.0.0 (B7)	
Description The 2 commands: <ul style="list-style-type: none">• t=Time Audio• Pause Audio don't seem to work. I'm coding an MP3 player; CRITICAL: Using t=Time Audio doesn't work. Need to check if a track has finished playing, so the player can skip to the next track. Annoying: Can't pause the audio with Pause Audio. (at the moment the player just restarts the track)
