- Affected version changed from 0.9.5.1 to 1.0.0 (B5)

Re-tested in 1.0.0 (B5)
Gr Writing modes are *partially* working now.

Modes 0,1 are working
Modes 2,3,4,5,6,7 fail

NOTE: I would recommend adding some new codes for bits BEYOND [#3](#).
Additional features could include translucency that could be combined with the other modes.
