**Description**

In Direct Mode, this works:

```
Print "hello."
```

The result is:

```
Aoz>Print "hello."  
hello.  
Aoz>
```

Leaving the user at the **Aoz>** direct mode prompt.

This, on the other hand works, but no prompt is returned:

```
Draw 100,100 To 300,200
```

The result is:

```
Aoz>Draw 100,100 To 300,200
```

When the Enter key is pressed, the line is drawn, however, the Aoz prompt is never returned.
