

AOZ Studio Beta - Bug #94

Get Fonts causes Internal error.

02/01/2020 03:23 AM - Brian Flanagan

Status:	Closed	Start date:	02/01/2020
Priority:	Normal	Due date:	
Assignee:	Francois Lionet	% Done:	0%
Category:		Estimated time:	0:00 hour
Target version:	0.9.4		
Affected version:	0.9.5.1		
Description			
Example: Help_79, line 147 from AMOSPro_Examples disc.			
Get Fonts			

History

#1 - 02/03/2020 04:42 PM - Francois Lionet

- Status changed from New to Resolved
- Assignee set to Francois Lionet
- Target version set to 0.9.4

Fixed. And I have added the fonts present on the AMOSPro_System disc as default to the Amiga mode. So you have ALWAYS in Amiga mode these fonts:

"2001"
"broadway"
"lines"
"mFast"
"News"
"peridot"
"Pica"
"sapphire"

#2 - 02/13/2020 07:40 PM - Brian Flanagan

Verified that Get Fonts no longer causes an Internal Error, so this one can be closed.

This has, however, created a new bug: [#132](#)
The standard Amiga Mode fonts installed are the wrong fonts and/or sizes.

#3 - 02/28/2020 05:41 PM - Brian Flanagan

- Status changed from Resolved to Closed
- Affected version changed from 0.9.3.2 to 0.9.5.1

Get Fonts no longer causes Internal error, however, the fonts, styles, and sizes returned are wrong.
(See Bug [#132](#))

#4 - 04/19/2020 08:08 AM - Brian Flanagan

re-tested in 0.9.8.1 Test 1
The Internal Error is back

Since this issue is closed, I guess I'll have to open a new one.
