Fixed. A stupid last minute bug before posting the version late made filesystem not work in last version. :(

#4 - 02/28/2020 03:26 AM - Brian Flanagan

- Status changed from Resolved to Closed

0.9.2.6 to 0.9.5.1

The filesystem error has been corrected, however, there are still problems with Help_26. Only the first half of the Help_26 example works.
