

AOZ Studio Beta - Bug #642

Commas are no longer handled correctly on the Print command in the AOZ manifest.

01/28/2021 09:17 AM - Brian Flanagan

Status: New	Start date: 01/28/2021
Priority: Normal	Due date:
Assignee:	% Done: 0%
Category:	Estimated time: 1:00 hour
Target version:	
Affected version: 1.0.0 (B3)	

Description

Parameters after the comma are positioned incorrectly, and sometimes overwrite the previous parameters.

Example:

```
a=1 : b=2 : c=3
Print a,b,c ' Wrong display here
Print a;b;c ' This is OK.
a$=Right$(Str$(a),1) : b$=Right$(Str$(b),1) : c$ = Right$(Str$(c),1)
Print a$,b$,c$ ' Wrong display here
Print a$;b$;c$ ' This is OK.
```

NOTE: This works in the Amiga manifest, but fails in the AOZ manifest.
